# CLOVER LEAF NURSERY

JOHN H. PAYNE, Proprietor

SMALL FRUITS A SPECIALTY

Three Oaks, Michigan.

To our Friends:

We have a large supply of well rooted "New Soil" plants to offer to our customers this season. These plants are healthy, vigorous and second to none. By reducing the overhead expenses these plants are in reach of all. Send your order in early so your plants can be reserved. This will enable you to get the varieties you desire.

Very truly yours,

CLOVER LEAF NURSERY.

## INSTRUCTIONS TO PURCHASERS

**How to Ship**—We ship all packages too large for parcel post by express collect. Freight is too slow. For postage on strawberries add 40 cents per thousand.

**Order Early**—The earlier the better. This insures getting your order filled without substitution or delay. We mail acknowledgments of order on receipt of same. If you don't receive yours, write us. Shipping season from March 20 to May 15.

**Reference**—Bridgman State Bank, Bridgman, Mich.

**Guarantee**—Should any stock prove not true to name, we will either return purchase money or replace with true to name stock. It is mutually agreed that we are not to be responsible for more than the first cost of the stock.

**Terms**—Cash with order or one-half of amount will book orders, balance before shipment. We ship no orders on credit or C. O. D. Remit by check, bankdraft, registered letter, or post office money order.

## Our Motto:

**HONESTY---QUALITY---SERVICE**

## STATE DEPARTMENT OF AGRICULTURE CERTIFICATE OF NURSERY INSPECTION

### CERTIFICATE OF NURSERY INSPECTION No. 4298

TI  
dang

This is to Certify, that the nursery stock of John H. Payne, Prop. Cloverleaf Nursery, Three Oaks, Michigan, has been examined and found apparently free from dangerous insects and dangerously contagious tree and plant diseases.

This certificate to be void after July 31, 1926.

Premier. (Per) - - - - Early

This is one of the leading early varieties of strawberries. It fruits well in all sections of the country. The berries are firm, well colored, large in size, and yield. Be sure and have a few of these in your order this season.

Senator Dunlap. (Per) - - - - Early

This berry has made more dollars for its growers throughout the United States than any other variety ever introduced. We frankly state today that it is the most profitable variety for you to buy. Senator Dunlap responds nobly to any kind of culture, and to any kind of soil. Senator Dunlap is a very heavy bearer of large size, evenly shaped fruit, of a very beautiful dark red color, and the flavor is delicious. It promises to stand at the head in its wonderful ability to ripen a good crop under almost any conditions.

Corsican. (Per) - - - - Midseason

The Corsican is a good bearer of very large berries. It is equally as good as the "Cooper" which is so well advertised. Plants are very large with dark green foliage. The berries are large and well colored all over, which attract buyers for fancy prices. Include a few of these plants with your order.

Glen Mary. (Per) - - - - Midseason

This variety is grown extensively throughout the country. The plants are large and vigorous with a strong fruit stem. The fruit is large and well shaped with a good flavor. This variety is in greater demand every year.

**Gibson. (Per) - - - Midseason**

This is the leading variety of today. Gibson is noted as a heavy bearer, for it produces twice the berries as any other variety. The plant is a strong grower, with healthy foliage, and will thrive on soil where others fail. It will withstand most any kind of weather conditions. The berry is a rich red color, and is red to the core, which makes it a valuable berry for canning and shipping.

**Bun Special. (Per) - - - Midseason**

The Bun Special is a new leading variety. Has large berries, yield heavy, dark glossy red in color, red clear through and firm. We advise you to plant some of them, for the fruit is in greater demand every year.

**Cooper. (Per) - - - Midseason**

This is a new variety lately introduced and the plants are in great demand. It has always met with good success, for it is a heavy bearer of extra large fruit for which it is noted. The berries are dark crimson in color, with yellow seeds and nice green calyx.

**Wm. Belt. (Per) - - - Late**

This variety thrives best in the middle or Northern States. The berries are large and attractive in appearance, with a good flavor. This variety will not disappoint you.

**Sample. (Imp) - - - Late**

The Sample is one of the best late varieties. It thrives well in every state of the union. The berries are large and well formed. For the pollinizer we suggest the Aroma or Glen Mary is the best.

**Aroma. (Per) - - - Late**

The demand for Aroma is greater every year. It is one of the most popular late market varieties. Aroma is a good bearer of large handsome fruit, bright red in color, uniform, heart shaped, firm and of good quality. A choice variety and reliable.

**Progressive. (Per) - - - Everbearing**

This is a perfect blooming variety and a good one, both for home garden and shipping. The berries are uniform in size, rich red flavor. Progressive is a heavy yielder and will bear the same season planted. To get best results, keep blossoms cut off until August 1st, and plant in good rich soil. Try some this season.

**Champion. (Per) - - - Everbearing**

A new variety that is very productive and bears large crops of berries from early spring until fall. The Champion resembles the Progressive in plant growth. The berries are deep red in color clear through, good quality and a delicious flavor.

**Cumberland - - - Black Raspberry**

It is the leading Black Raspberry for all sections. It grows well all through the northern states. Canes are very strong, stands up well under their heavy load of berries. Cumberland is the largest of all Black Raspberries, not "seedy" and of a good raspberry flavor. The best berry for your garden or field. Will produce where others fail.

**Gregg - - - Black Raspberry**

The Gregg is a leading raspberry in some sections of the country. It is a late variety, covered with bloom and bears heavy.

**Plum Farmer. - - - Black Raspberry**

A large nice early berry for marketing. The fruit is grayish black, very firm, a good shipper, attractive and of the very highest flavor.

**Kansas. - - - Black Raspberry**

An early variety and general favorite all over the country. The berries are firm, jet black, handsome, and of the best quality.

**King. - - - Red Raspberry**

The King is a fancy, early red raspberry. The berries are very large, bright red, firm, easily picked. They thrive in any locality and are heavy producers. We guarantee Kings to please you.

**Cuthbert. - - - Red Raspberry**

A large late berry of nice quality. It produces extra large berries of fine quality every year, and is especially good for table use and canning.

**Early Harvest - - - Blackberries**

This variety of blackberries ripen earlier than any other variety and brings the highest market prices for the fruit. The canes are large and bears a heavy load of nice large berries and requires no winter protection. The berries are large, black, juicy and are good shippers.

**Lawton - - - Blackberries**

This is one of the best berries for home use and shipping. The canes are strong, vigorous and healthy. The berries are large, black and juicy, with a delicious flavor. They are good for preserves, jelly and canning. You make no mistake in ordering this variety of blackberries for it needs no winter protection.

**Eldorado - - - Blackberries**

This is the most grown Blackberry in the fruit world. It is hardy in the north, a good producer of large long berries, grows a good fruiting row and is practically free from diseases. The canes do not have to be protected during the winter. They grow thrifty and strong, capable of supporting the heavy crops they bear. The berries are as large as your thumb, firm, a good rich juicy flavor and have a shiny black color. The Eldorado is the best all-round Blackberry on the market today.

Downing - - - - Gooseberries

The Downing have roundish berries with smooth skin. Pale green in color and has distinct veins. The flesh is soft, juicy and has a fine flavor. This is a heavy yielding variety. 1 yr. No. 1, \$1.50 for 10; \$3.50 for 25; \$10.00 for 100; \$40.00 for 500; \$70.00 for 1000.

**Concord. - - - - Grape Vines**

Concord is the best commercial grape in this country. The vines are vigorous and free from diseases. The grapes are blue black color, juicy and very sweet. We advise setting Concord for the main crop. 1 yr. No. 2, 25 for \$0.90; 100 for \$2.25; 500 for \$8.00; 1000 for \$15.00. 1 yr. No. 1, 10 for \$1.00; 25 for \$2.00; 100 for \$5.00; 500 for \$17.00; 1000 for \$34.00. 2 yr. No. 1, 10 for \$1.50; 25 for \$3.00; 100 for \$6.50; 500 for \$22.00; 1000 for \$40.00.

We have satisfied thousands of customers for the last seventeen years, by selling them plants that they could not duplicate at any other nurseries for QUALITY, PRICE, etc.

Let us satisfy you the way we have satisfied others. The Clover Leaf Nursery gives every customer a square deal, by giving them 100 cents worth of "New Soil" plants for one dollar.
